

employee benefits review

The Employee Benefits Review Service

We recognise that more and more companies have problems with staff retention and attracting new staff. Furthermore, employers fund the cost of providing employee benefits increases each year, usually at rates way in excess of inflation.

Our Employee Benefits Review Service is designed to review all insurance backed employee benefits packages to ensure that you are providing your employees with the optimum benefits for your budget.

1

Group Life Assurance Scheme Review Service

A detailed report highlighting what cover is in place, for whom and for what sums assured. We will also check that your scheme is registered with The Pensions Regulator. Finally your scheme will be presented on the open market in order to ensure cost competitiveness.

2

Group Private Medical Insurance, Group Income Protection, Group Critical Illness Review Service

A detailed report highlighting exactly what cover is in place and for whom. Importantly, exclusions and what is not covered is also highlighted. A full explanation of what your members need to do in the event of a claim will also be presented. Finally, your scheme will be presented on the open market to ensure cost competitiveness.

3

The Employer's Pension Review Service
